12 July 2013

Michael Schulz President's Day

community service club, which is run by a group of volunteers. There is only one full-time, paid employee here, and it ain't me!"

He went on to talk about how he sees the club as being nothing without our members and that the real work is done at the committee level.

With this in mind, he encouraged all of us to join a committee and failing that, at the very least, participate in whatever way we can. Get involved as we can't accomplish everything that we do each year, without the hard work of our members.

However, he reiterated, the main thing for this year is to have fun which will see the "grotty tie" and "best hat and socks" days relaunched.

On a more serious note, P Michael talked about The Great

Bangkok Duck Race as our next, big event this year, with Head Quack Dana already well underway in the planning.

Another idea is "Kids Day In" aimed at bringing upcountry school kids to Bangkok for a Kids Day In so they can see the Grand Palace, ride the BTS and visit Baiyoke Tower.

Concluding his talk, he mentioned that heckling of the president is allowed, but not our guest speakers and finally, that it is okay to buy him drinks at Cosmos without being suspected of wanting something.

"Finally" he concluded, "I just want to say again, that I'm honored you've asked me to be your President. I will do my best to live up to this honor and will make sure that throughout the year, we will have fun and we will do good for our community."

Following a droll skit, P Michael led into his main theme for the year in that he wants to have fun as fellowship is the foundation to get people involved and engaged and added, "we are a fellowship-

PE Mike reveling in his new designation.

PDG Alex helping P Michael look just right for his first meeting and talk.

Rtn Vince and Rtn Dean flank our new IPP Nick on the floor for his first meeting out of the limelight.

The True Taste of Real Coffee

Hospital Sterilization Equipment – Health Promotion Hospital, Kalasin

RCBS recently provided a sterilization machine and a sealer machine to Health Promotion Hospital in Baan Na Ngarm, Kalasin.

The hospital, elevated from being a community health center, is 17 kilometers from the nearest community hospital and is directly responsible for serving seven villag-

es with 4,370 people. Five additional villages outside its immediate vicinity with another 2,350 people are also being served. Daily, they currently receive about 50 patients and is increasing.

Due to the lack of facilities to sterilize medical and dental equipment at the hospital, equipment must be taken to larger centres for sterilization causing a bottleneck,

leading to many patients being turned away and who must then travel, at their own cost, to the community hospital.

The sterilization equipment we have donated will allow the hospital to serve more patients in a timely manner, while saving traveling time and cost for villagers whose illnesses can now be addressed in their local area.
